39 specify a limitation on the term or remaining maturity at the time
40 of the investment, no investment shall be made in any security,

other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

However, no more than 30 percent of the agency's money may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

2 ranking or of the highest letter and number rating as provided for

20 (as defined by Section 5102 of the Financial Code), a state or
21 federal credit union, or by a state-licensed branch of a foreign
22 bank. Purchases of negotiable certificates of deposit may not
23 exceed 30 percent of the agency’s money which may be invested
24 pursuant to this section. For purposes of this section, negotiable
25 certificates of deposit do not come within Article 2 (commencing
26 with Section 53630), except that the amount so invested shall be
27 subject to the limitations of Section 53638. The legislative body
28 of a local agency and the treasurer or other official of the local
29 agency having legal custody of the money are prohibited from
30 investing local agency funds, or funds in the custody of the local

2 repurchase agreements or securities lending agreements of any
3 securities authorized by this section, as long as the agreements are
4 subject to this subdivision, including the delivery requirements
5 specified in this section.

6 (2) Investments in repurchase agreements may be made, on any
7 investment authorized in this section, when the term of the

9 securities that underlay a repurchase agreement shall be valued at
10 102 percent or greater of the funds borrowed against those
11 securities and the value shall be adjusted no less than quarterly.
12 Since the market value of the underlying securities is subject to
13 daily market fluctuations, the investments in repurchase

39 agreement includes a written codicil guaranteeing a minimum
40 earning or spread for the entire period between the sale of a

1 security using a reverse repurchase agreement or securities lending
2 agreement and the final maturity date of the same security.

3 (4) (A) Investments in reverse repurchase agreements,

5 local agency sells securities prior to purchase with a simultaneous
6 agreement to repurchase the security; may only be made upon prior
7 approval of the governing body of the local agency and shall only
8 be made with primary dealers of the Federal Reserve Bank of New

35 under which a local agency agrees to transfer securities to a
36 borrower who, in turn, agrees to provide collateral to the local
37 agency. During the term of the agreement, both the securities and
38 the collateral are held by a third party. At the conclusion of the
39 agreement, the securities are transferred back to the local agency
40 in return for the collateral.

1 (E) For purposes of this section, the base value of the local
2 agency's pool portfolio shall be that dollar amount obtained by
3 totaling all cash balances placed in the pool by all pool

20 percent of the agency's money that may be invested pursuant to
21 this section.

34 amended to read:

35 54960.1. (a) The district attorney or any interested person

39 54953, 54954.2, 54954.5, 54954.6, 54956, or 54956.5 is null and
40 void under this section. Nothing in this chapter shall be construed

2 challenged pursuant to this section.

3 (b) Prior to any action being commenced pursuant to
4 subdivision (a), the district attorney or interested person shall
5 make a demand of the legislative body to cure or correct the action

14 action was taken.

15 (2) Within 30 days of receipt of the demand, the legislative
16 body shall cure or correct the challenged action and inform the
17 demanding party in writing of its actions to cure or correct or
18 inform the demanding party in writing of its decision not to cure
19 or correct the challenged action.

20 (3) If the legislative body takes no action within the 30-day
21 period, the inaction shall be deemed a decision not to cure or
22 correct the challenged action, and the 15-day period to commence
23 the action described in subdivision (a) shall commence to run the
24 day after the 30-day period to cure or correct expires.

25 (4) Within 15 days of receipt of the written notice of the
26 legislative body's decision to cure or correct, or not to cure or
27 correct, or within 15 days of the expiration of the 30-day period to
28 cure or correct, whichever is earlier, the demanding party shall be
29 required to commence the action pursuant to subdivision (a) or

(4) The action taken was in connection with the collection of any tax.

(5) Any person, city, city and county, county, district, or any agency or subdivision of the state alleging noncompliance with subdivision (a) of Section 54954.2, Section 54956, or Section 54956.5, because of any defect, error, irregularity, or omission in the notice given pursuant to those provisions, had actual notice of the item of business at least 72 hours prior to the meeting at which the action was taken, if the meeting was noticed pursuant to Section 54954.2, or 24 hours prior to the meeting at which the action was taken if the meeting was noticed pursuant to Section 54956, or prior to the meeting at which the action was taken if the meeting is held pursuant to Section 54956.5.

(e) During any action seeking a judicial determination pursuant to subdivision (a) if the court determines, pursuant to a showing by the legislative body that an action alleged to have been taken in violation of Section 54953, 54954.2, 54954.5, 54954.6, 54956, or 54956.5 has been cured or corrected by a subsequent action of the legislative body, the action filed pursuant to subdivision (a) shall be dismissed with prejudice.

(f) The fact that a legislative body takes a subsequent action to cure or correct an action taken pursuant to this section shall not be construed or admissible as evidence of a violation of this chapter.

28 map that uses those coordinates shall be based on, and show,
29 established field-observed direct connections to at least two
30 stations of corresponding or better accuracy whose credentials are
31 based upon published stations of the USC&GS or NGS. The
32 geodetic positions of CCS27 and CCS83 stations that are used to
33 increase the density of control and that purport to be of
34 second-order or better accuracy shall have been surveyed in
35 conformity with the applicable survey standards and
36 specifications in effect at the time of the survey as defined by the

17 coordinates are based on field-observed direct, nontrivial
18 connections to at least two stations that are included in
19 subdivisions (a) or (b).

20 SEC. 30. Section 8813.1 of the Public Resources Code is
21 repealed.

2 amended to read:

3 8815.3. When the published epochs of the controlling stations
4 for a survey using CCS83 coordinates are not the same,
5 appropriate adjustments shall be made to the horizontal positions
6 of controlling stations so that the coordinates of all the controlling
7 stations are consistent. These adjustments in the horizontal
8 positions of controlling stations shall be made in accordance with
9 procedures and values published by the NGS or CSRC.
